Creditors Begin Foreclosure Proceedings on Mortgage on Long Beach Resort.

Foreclosure proceedings were brought against the Hotel Nassau at Long Beach yesterday by holders of a \$700,000 mortgage.

The papers were filed with the clerk of Nassau County by Harold Swain of No. 276 Broadway against the Hotel Nassau Company, owners of the property. Swain represented the Title Guarantee and

Hunters in J. II. Chonte's Garden.

A deer discovered in Joseph II.
Choate's English Garden at Naunkeag,
Mass., proved to be one seen there with
several others last winter.

At that time the animals were protected by the gardeners. It is believed the one just returned became frightened at squirrel hunters and sought returns along the place of those that die or get sick.

Who Made Taxes High?

The Hearst-Republican Majority in the Board of Estimate!

Fusion apologists are attempting to lay responsibility for the increased budget upon the Democrats.

The Board of Estimate adopts the budget and that Board is constituted as follows:

HEARST-REPUBLICANS Comptroller VOTES Prendergast 3 Pres. B'd of Aldermen Mitchel 3

Borough Pres. McAneny Borough Pres. Steers Borough Pres. Miller

Cromwell

Borough Pres.

POLITICAL

Total

DEMOCRATS

Mayor VOTES Gaynor Borough Pres. Connolly

Total

The budget is prepared by a special budgetary committee composed of Messrs. Prendergast, McAneny and Mitchel, who present it to the full Board for adoption. Nine votes are required to adopt the

budget. The budget this year and last was adopted unanimously. The budget for 1911, likewise the bud-

get for 1912, were made up by Hearst-Republicans and adopted by their votes. If the budget contains extravagant appropriations, as the Hearst-Republican members of the board are charging on the stump, why did these model officials include them in the budget, report them favorably, and then vote for them?

The oratorical Hearst-Republican Comptroller, whose verbal performances are always his best, especially has been very noisy on the stump about "Democratic extravagance." "Democratic extravagance" is the only kind which the Comptroller's delicate vision can perceive. He does not explain why he incorporated this "extravagance" in the buget and voted for it.

Nor has he, otherwise so voluble, explained how his Hearst-Republican colleague, the President of the smaller Borough of Richmond, increased his budget request over 27 per cent.

Neither has he found time or inclination to tell why, after 18 months of administration of the streets of Manhattan by Colleague McAneny, it is necessary for Mr. Mc-Aneny to ask for \$6,000,000 to put the streets back in condition, and to ask for an increase of \$510.874 in his expenses

These are merely two samples of "economy" which the Comptroller on his nightly rounds of the stump has overlooked.

As to Hearst-Republican McAneny's streets, no one would be cruel enough even to suggest that the Comptroller attempt to explain them away.

It is of course too much to expect these Fusion officials, who do all their "economizing" on the stump, to frankly tell the truth about other officials who refuse to follow them in their ridiculous alliances with Hearst.

For the benefit of those who desire to know the real truth about the budget, here

Although practically nine-tenths of the administrative activities of the city are conducted by departments under Mayor Gaynor, the total increase in the budget for these departments for next year amounts to only one sixth (16 per cent.) of the total increases in the budget.

In other words, the total increase in next year's budget is \$15,000,000, and of this amount only \$2,450,340.92 is for departments under Mayor Gaynor.

Of this \$2,450,340.92 nearly half is man-

datory under the law-that is, automatic increases in the pay of policemen, firemen, etc. The rest is merely the normal increase due to the extension of lighting. water and other facilities.

These are FACTS AND FIGURES from the record. Neither the sophistry nor oratory of the Fusion apologists can alter them.
